

Celadon Plus

Our proprietary whole-food multivitamin is one of the most effective, natural ways to prevent chronic disease. Good nutrition depends upon adequate amounts of proteins, carbohydrates and fats as well as a multitude of essential vitamins and minerals. Most people require a rich nutritional state to withstand the damaging effects of stress, anxiety and environmental toxins. Celadon Plus is considered the "Cadillac" of multivitamins as part of a healthy diet.

- Packed with vitamins, minerals and phytonutrients
- Provides anti-oxidant protection
- Decreases risk of heart disease and stroke
- Reduces the level of premenstrual symptoms
- Contains full day supply of whole fruits and vegetable concentrates
- Includes green and white teas, aloe, Noni and pine bark
- Contains no yeast, wheat gluten, soy protein, dairy or sugar

The above results and statements have not been evaluated by the FDA.

Celadon Plus is certified by the U.S. Food and Drug Administrations Good Manufacturing Practice (GMP) regulations.

Membership benefits include preferred pricing, residual income and healthy lifestyle opportunities for your first and every purchase!
