

## Zeacaps

Our proprietary joint discomfort supplement is one of the most effective, natural ways to relieve pain and increase mobility from osteoarthritis, also known as degenerative joint disease. Zeacaps is formulated from the renewable source of New Zealand green-lipid mussels, which also contain Omega-3 oils known for heart benefits. Zeacaps has been shown to regenerate joint cartilage and reduce inflammation making it an important part of a healthy, active lifestyle.

- Nutritional support for the joints, heart, lungs, muscles, connective tissue
- Contains 19 amino acids, Omega-3, trace minerals and vitamins
- Multivitamins A, B Complex, D and E
- Multiple minerals from the sea
- Supports immune functions
- No shark or bovine extracts
- Contains no added sugars, starches, wheat or dairy

The above results and statements have not been evaluated by the FDA.

**Membership benefits include preferred pricing, residual income and healthy lifestyle opportunities for your first and every purchase!**
